PRICE INCREASES.

Dear customer,

Given the current market conditions we know how important it is that we let you know of any significant supplier price increases. We are therefore advising you of some price increases on products that you have purchased previously. This increase came into effect on September 1st 2021.

Product Category	Price Increase
Underground plastics	6%

Please note, the above increases do not apply to all products within the categories and only highlight the most relevant price increases.

Why we're increasing our prices.

The supplier for underground plastics has quoted that in the last 15 months, the price of raw materials, such as PVC, has risen by 77%. Additionally, there has been a continued, sharp increase in demand for polymers which has resulted in demand outstripping the supply available in the market.

Keeping up to date.

To keep up to date with any other price increases and product availability, please visit our dedicated supplier updates page here: www.jewson.co.uk/supplier-updates

If you'd like to talk to us about anything we've included within this letter, please get in touch with your local branch.

We look forward to continuing to work with you.

Yours Sincerely,

Jewson
